

about us

COMPANY HISTORY

Brush Manufacturers Ltd is a private owned company with its registered office and plant of 350,000 sq ft situated along Kandara Road, Muranga, Kenya.

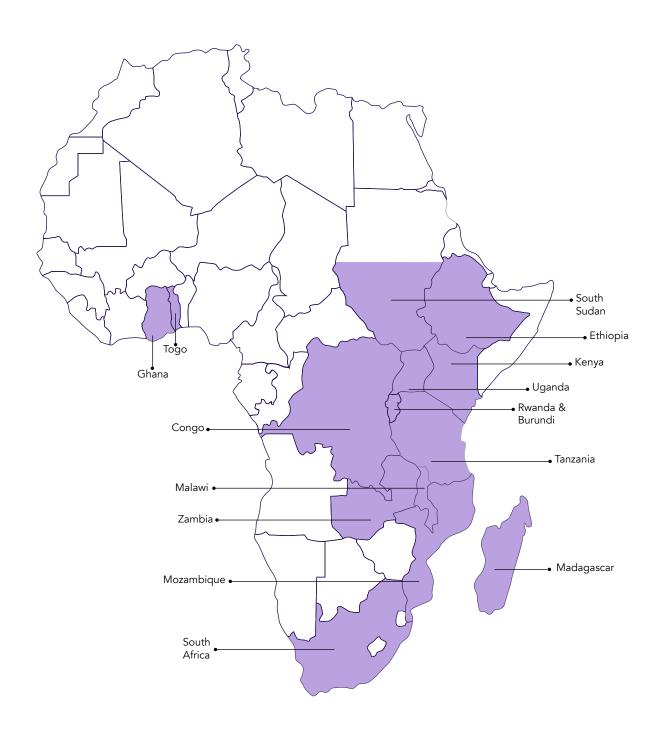

The company started operations in 1976 manufacturing a range of brooms and brushes for the Kenyan market

Our operations have since continued to grow and today we distribute not only within Kenya market but now in 14 countries that include East, Central, West and Southern Africa and UAE

WHAT WE DO

We are the first company in East Africa to use the latest technology in manufacturing of household brushes that include scrubbing brushes, wire brushes and paint brushes, among others.

We are the pioneers in manufacturing of brushes in the region. In addition to brushes, we also manufacture mops, drinking straws, carton strapping bands, twisted ply ropes, wooden toothpicks and stationery.

broadening our reach

we are also stocking in Oubai

OUR TEAM

Our family includes a motivated and local workforce of 645 employees. We are an equal opportunity employer, with women accounting up 40% of our employees, as well as 60% of our supervisory staff. All our staffs are trained in house to ensure that they always have correct skills to perform their task to their highest standards.

CERTIFICATES

In line with international standards we are accredited with the International Organisation for Standardization (ISO) certificates for ISO 9001 Quality Management Systems, ISO 14001 Environmental Management Systems, ISO 45001 Occupational Health and Safety, and ISO 50001 Energy Management Systems.

OUR LOVE FOR THE ENVIRONMENT

Environmental sustainability is at the heart of our operations. We recognize our ability and responsibility as manufacturers to constantly embrace a greener way of doing business.

Sweeping Brooms

The right type of broom for your flooring will depend on the material and whether you need to clean corners, edges or tight spaces. Choose a broom with soft bristles for indoor tiles, vinyl, and wood floors; medium or hard bristles for outdoor patios; and an angle design for corners and tight places. A larger platform broom is suitable for warehouses and factories. Brooms are sold with handle or broom only.
